REPLAY FROM THE RACE COMMITTEE

The Organizing Authority **has approved** your request and will therefore assign the same starting time to both yachts for each day's starting sequence.

Please note that from the preparation signal onward, you are bound by the provisions of the WS Appendix Superyacht, both for your yachts and in relation to the other participants.

Additionally, we would like to clarify that, in accordance with SI 11.3, the Organizing Authority's criteria for determining the starting order of the two yachts from the second day onward is that both yachts will start in the position assigned to the better-scoring yacht of the two on previous day race.
